## ACER

### International Benchmark Test for Improving Learning, 2009

Dear Parents,

You will be pleased to learn that Dubai Carmel School is taking part in the Acer - International Benchmark Test for Improving Learning, 2009.

Last year also school took part in the Acer- PISA programme as per the guidelines of khda.

Acer is the Australian Council for Educational research, one of the leading research organizations in the world, develops these tests and provides a range of Assessment services in many countries.

The **International Benchmark Test** is designed to give an international benchmark of your child's performance vis –a-vis the top performing countries in the world and in the region.

Students will be able to see their intrinsic abilities and potential for learning. Also this will help them in identifying their strengths and weaknesses on skills and concepts related to their class level.

Our teachers have already started preparing students for the test by solving specimen papers and giving practice questions from their textbook.

Yours sincerely,

Administration
